- **ABRA on scene Apraku #12, Gethers #3**

On July 19, 2013, at approximately 11:59 p.m., while participating in a joint operation with MPD regarding noise enforcement, ABRA Investigator Kofi Apraku and Supervisory Investigator Keith Gethers along with MPD Sergeant Dustin Nevel responded to a radio call regarding an assault in progress at TruOrleans located at 400 H Street N.E. Upon arrival at the scene Investigator Apraku observed a large number of police vehicles in proximity of the establishment and several police officers on the scene (Exhibit #2-3). Investigator Apraku observed a large number of people gathered on the 4th Street N.E. side of the establishment arguing with police officers. Investigator Apraku established contact with MPD Officer Enrique Simmons (Badge #3029) who is the reporting officer for the case. Officer Simmons stated that there had been an altercation inside the establishment between several patrons of the establishment and several members of the TruOrleans staff. Officer Simmons stated that the altercation inside of the establishment had spilled outside the establishment, but that details were still forthcoming.

Investigator Apraku entered TruOrleans and spoke with Derrick Hampton, a manager of TruOrleans. Mr. Hampton stated that the establishment began hosting a party of approximately 20 people on the second floor for the establishment for a birthday party (Exhibit #4). Mr. Hampton stated that when it came to the paying of the bill, members of the party became irate because they felt that they had satisfied the bill. Mr. Hampton stated that the restaurant allows patrons of the establishment to have a "running tab" which means that the patrons can make payments to deduct from their bill while continuing to purchase food and beverages. Mr. Hampton stated that the party accrued a bill of approximately \$1,000 and after all payments had been made they had only satisfied approximately \$550.00 of it. Mr. Hampton stated that the members of the party began to head downstairs to leave the establishment without paying. Mr. Hampton stated that when the patrons reached the first floor, several of the patrons began to leave the establishment. Mr. Hampton stated that he along with other managerial staff confronted some members of the party and asked them to satisfy the remainder of the bill. Mr. Hampton stated that members of the party began to get aggressive and started using expletive language towards the staff. Mr. Hampton stated that a black male dressed in a turquoise tank top leaned forward and pushed Jamal Kelly, another manager of the establishment sending him falling backwards. Mr. Hampton stated that at this point several members of the party began pushing, shoving and exiting the establishment. Mr. Hampton stated that ABC Manager, Jalel Azaiez, at this point told Mr. Hampton that they should forget the bill and began to escort individuals out of the establishment. Mr. Hampton stated that as Mr. Azaiez was escorting patrons out the door, the same patron wearing the turquoise tank top returned, threw food in the face of Mr. Azaiez (Exhibit #5) and struck him about the face with a closed fist. Mr. Hampton stated that the staff closed the front door preventing the patrons from coming back inside the establishment. Mr. Hampton stated that during the course of the pushing, several members of the staff had been pushed and were being attacked by patrons. Mr. Hampton stated that he went outside to try and locate any displaced staff members but was asked to come back inside the establishment by other staff members. Mr. Hampton stated that any individuals from the establishment who were involved in the altercation were acting in self defense.

Investigator Apraku spoke with Mr. Reginald Reed, the server who was in charge of the party of over 20 patrons on the second floor of the establishment. Mr. Reed recounted most of what Mr. Hampton had already stated to Investigator Apraku. Mr. Reed additionally stated that he was trying to help the individuals by trying to break up the bill and give separate checks however the patrons became irate once they felt that they had satisfied their bill. Mr. Reed stated that the individuals kept saying "that they paid what they felt they owed". Mr. Reed stated that the staff tried to contain the aggression of the patrons by pulling up the bill and explaining the charges but the patrons were unwilling to listen. Mr. Reed stated that the patrons seemed determined to leave the establishment without paying their tab. Mr. Reed stated that the altercation broke out when a black male in a turquoise tank top leaned forward and punched Jamal Kelly, a manager of the establishment. Mr. Reed stated when the altercation took place; he stayed inside the establishment and did not participate in the

altercation either inside or outside. Mr. Reed provided Investigator Apraku with a copy of the receipt from the party involved in the altercation showing a balance of \$470.00 (Exhibit #6).

Investigator Apraku spoke with Mr. Jamal Kelly, a manager of the establishment. Mr. Kelly stated that he was notified by Reginald Reed that there was a misunderstanding brewing over the bill of a party of over 20 patrons on the second floor. Mr. Kelly stated that when the patrons came downstairs to the first floor, he tried to explain their bill and help them understand that the bill had not been satisfied in full. Mr. Kelly stated that the patron in the teal tank top was especially difficult and continually stated that the bill had already been satisfied. Mr. Kelly stated that as he was explaining the bill to the patron, the patron became aggressive and said "fuck this bill" and pushed him in the face sending him backwards. Mr. Kelly stated that as he was falling backward, he felt a sharp blow to the head and became disoriented. Mr. Kelly stated that he moved out of the area of the fight and sought first aid for a knot that appeared on the top of his head (Exhibit #7-8). Mr. Kelly was still being administered first aid by other members of the staff during the time Investigator Apraku was conducting the interview.

Investigator Apraku spoke with Mr. Jalel Azaiez, General Manager of the establishment. Mr. Azaiez stated that he was downstairs inside the office when he was alerted that there was a misunderstanding between patrons and staff over an unpaid bill. Mr. Azaiez stated that he came upstairs from the basement office and was confronted by a party of people assembled at the front of the door. Mr. Azaiez stated that he joined other managers in trying to discuss the bill. Mr. Azaiez stated that as the discussion was ensuing over the bill, one of the patrons dressed in a teal tank top reached over and struck Mr. Kelly about the face with a closed fist. Mr. Azaiez stated that he immediately began telling other members to simply escort the patrons out of the restaurant. Mr. Azaiez also stated that he told his staff to forget about the bill and to remain inside the establishment. Mr. Azaiez stated that there was a lot of pushing going on within the doorway of the restaurant. Mr. Azaiez stated that he was afraid that there would be a major altercation that would spill into the restaurant so he attempted to move towards the door and close it. Mr. Azaiez stated that as he was attempting to secure the door, he felt something being thrown in his face followed immediately by a closed fist to his face. Mr. Azaiez stated that he immediately raised his hand to his left eye and saw blood on his hand. Mr. Azaiez stated that he was disoriented by the punch but still attempted to bring in employees who had spilled outside back into the establishment. Mr. Azaiez stated that he instructed all his employees to stay within the establishment to prevent the altercation from escalating further. Mr. Azaiez stated that several members of his staff called MPD the moment that the altercation began. Investigator Apraku took photographs of the injuries sustained by Mr. Azaiez. (Exhibits #9-10)

Investigator Apraku spoke again with Officer Simmons in regards to the details of the case. Officer Simmons recounted the earlier details of the case but in addition stated that during the course of the altercation, three members of the TruOrleans kitchen staff exited the establishment through the kitchen area and engaged a single patron in a physical altercation. Officer Simmons stated that one of the employees of TruOrleans had attacked the patron in the teal tank top outside the establishment with a broom while two other employees struck him about his body with closed fists. Officer Simmons stated that the altercation had occurred inside an alley facing 4th Street, N.E. Officer Simmons stated that the employees had been apprehended and would be charged with Assault with a Deadly Weapon and Simple Assault accordingly. Officer Simmons also stated that the victim was also going to be arrested for the alleged assault on TruOrleans Managers, Jalel Azaiez and Jamal Kelly.

Investigator Apraku spoke with Azaiez and informed him that the video surveillance needs to be reviewed by MPD officers and ABRA investigators. Mr. Azaiez stated that he was unaware of how to operate and record from the camera system but that he would reach his camera technician to come assist with the matter. Mr. Joshua Ford arrived approximately 30 minutes later and reviewed the camera footage with ABRA investigators and MPD. Mr. Ford also made copies of the requested footage for Investigator Apraku (Exhibit #11).

While at TruOrleans, Investigator Apraku conducted a Regulatory Inspection and found no ABRA violations (Exhibit #12)

Pursuant to 23 DCMR § 1719.1 (April 2004), any party adversely affected may file a Motion for Reconsideration of this decision within ten (10) days of service of this Order with the Alcoholic Beverage Regulation Administration, 2000 14th Street, N.W., Suite 400S, Washington, DC 20009.

VOLUNTARY AGREEMENT

THIS AGREEMENT is made and entered into as of this 6th day of April, 2011 by and between TBM Holding, LLC (hereinafter the "Applicant"), Advisory Neighborhood Commission 6C, (hereinafter the "ANC")

WHEREAS, Applicant having filed an application with the District of Columbia Alcoholic Beverage Control Board (hereinafter "ABC Board") for issuance of a Retailer's Class CR license for premises of 400 H Street, N.E., Washington, D.C.

WHEREAS, in recognition of the ABC Board's policy of encouraging parties to a protested proceeding to settle their differences by negotiating agreements, the parties hereto being desirous of entering into an agreement whereby, subject to approval of the ABC Board, Applicant will agree to adopt certain measures to address the Protestants' concerns and Protestants will agree to the issuance of the ABC License and withdraws their Protests.

Definitions:

- a. "Licensee" or "Applicant" means applicant(s) for ABRA license AND any future operators of this facility.
- b. "Agreement" means this Voluntary Agreement.
- c. "Premises" means 400 H Street NE and all operations therein.

NOW, THEREFORE, in consideration of the mutual covenants and undertakings memorialized herein, the parties agree as follows:

1. **Nature of Business:** Applicant will operate at all times as a bona-fide Class CR Restaurant (as such term is defined in ABC statutes and regulations). Food service will be available until one (1) hour before closing. Applicant will not make its premises available to non-employee promoters for presentation of advertised "parties" or "events" intended to generate profit for such promoters. However, such latter restriction shall not preclude Applicant from closing its premises to the general public from time to time in order to accommodate invitation only private functions.
2. **Hours of Operation:** Applicant's operating hours for the interior and partially-enclosed second floor shall be 7:00am to 2:00am daily. Applicant's operating hours for the sidewalk café shall be 7:00am to 10:00pm Sundays - Thursdays, and 7:00am to 12:00am Fridays and Saturdays.

It is understood that after cessation of said "operating hours," no patrons shall remain on the premises or the sidewalk café, respectively.

3. **Noise Suppression:** The Restaurant's operation shall at all times be in compliance with the D.C. Noise Control Act and DC Code 25-725. Applicant acknowledges that Protestants are particularly concerned regarding the potential for noise emanating from its partially-enclosed second floor seating area. Applicant recognizes the sensitive nature of this property with the majority of the frontage on a residential street and residential properties in close proximity to the building.

Accordingly, Applicant agrees that in the event three residents from separate addresses in the 700 or 800 block of 4th Street NE deem noise (including, but not limited to, noise from speakers or other device from amplification) from said second floor area unduly disruptive and file a written complaint or complaints to ABRA to that effect, the operating hours for said second floor will immediately be altered to conclude at 10:00pm Sundays - Thursdays, and 12:00am Fridays and Saturdays. Said operating hours will remain in effect until such time as the second floor area is further enclosed in such manner as to preclude emanation of any disruptive noise.

If applicant voluntarily encloses second floor, and three residents from separate addresses in the 700 or 800 block of 4th Street NE deem noise from said area unduly disruptive and file a written complaint or complaints to ABRA to that effect, all windows on the premises (including the second floor), must be closed after 10:00pm Sunday through Thursday, and 12:00am Friday and Saturday.

Applicant will encourage employees and patrons to be considerate of residents in the neighborhood after departing the building, by keeping conversations and other noises at a level that will not disturb the peace, order, quiet and tranquility of residents in the enjoyment of their homes and by departing the vicinity of the premises immediately upon exiting.

Applicant shall not install, use or permit to be used any speakers or other device for amplification on the sidewalk café. Applicant will actively discourage patrons, clients, guests, staff or anyone with business at the premises to congregate on the 4th Street side of the premises for any purposes, including, but not limited to, smoking. Licensee will instruct all persons with business at the premises not to use the sidewalk along 4th Street as a smoking area and will direct staff to actively encourage smokers to move to the H Street side of the premises.

4. **Parking:** The applicant shall contract with a valet service. All valet parking drop off and pick up will occur on H Street. The applicant is responsible for ensuring that the valet service does not park vehicles in the surrounding neighborhood streets. The valet service or the applicant will secure spaces for the valet service.

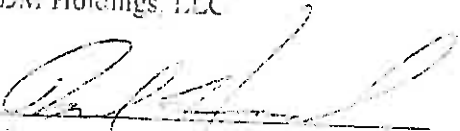

The applicant will encourage employees to take public transportation and not to park on surrounding residential streets.

5. **Deliveries:** To maintain the peace, order and quiet of the surrounding neighborhood, Applicant shall receive all deliveries of food, beverages and supplies during hours between 9:00 am and 5:00 pm Mondays - Fridays. No deliveries shall be accepted on weekends.
6. **Trash Pick-Up and Removal:** Applicant will maintain regular trash/garbage removal service only during the hours from 9:00 am to 5:00 pm. All trash and garbage shall be stored in the interior of the premises until it is to be picked up by Applicant's hauler. The Applicant shall keep dumpster lids tightly closed and incapable of being entered by rodents, in order to limit odors and help control pest and rodent population. Applicant will contract for regular rodent and pest (insect) abatement. There shall be no outdoor disposal of glass bottles after 9:00pm.
7. **Removal of Grease and Oils:** Applicant will provide for the proper (recyclable) removal of grease and oils and will not deposit these substances for removal in dumpsters or trash cans.
8. **Communication with Protestant.** Applicant agrees to meet, as reasonably requested (but not less than every 3 months if so requested), with the Protestants (or any of them) to address any perceived problems arising from the operation of the business. The Applicant agrees to work in good faith with the Protestants to resolve any such problems.
9. **Withdrawal of Protest.** Protestants agree to the issuance of the license and the withdrawal of their protests upon execution of this Agreement, provided that this Voluntary Agreement is incorporated into the Board's order issuing, renewing or renewing the license, which order is thereby conditioned upon compliance with such Voluntary Agreement.
10. **Right to Seek Redress:** The parties agree that Applicant will be given written notice of any alleged violation of this Agreement and will be afforded ten (10) days in which to investigate and respond to any complaint. The parties agree that if any complaint of violation of this Agreement is not so resolved, then any failure of the Applicant to adhere to the foregoing commitments will constitute a breach of this agreement and grounds for the Protestant to petition the Board for issuance of an order to Show Cause, as provided by D.C. Code 25-446(c).

IN WITNESS WHEREOF, the Parties place their signatures to this agreement, this 16th day of March, 2011.

Good morning.

This morning (just after midnight) I witnessed a 40-person brawl at TruOrleans (400 H St NE). I am told that the brawl began because of a dispute over a bill, in which a TruOrleans employee is alleged to have pocketed a cash payment and attempted to double-charge a group of patrons. The patrons objected and the employee turned physical, resulting in a melee that spilled outside. According to witnesses, TruOrleans employees attacked patrons with pipes, brooms and a broken bottle. The brawl went from the sidewalk to the alley behind TruOrleans and then spilled out onto 4th St NE, a residential street, where patrons and employees threw haymakers at each other. Multiple individuals were knocked to the ground, at which point they were kicked and stomped on by others. At least one person was thrown into the side of a car that was waiting to cross H St NE. I called the police and was told they were already on their way. Five squad cars showed up and attempted to arrest those responsible, though some of the main culprits appear to have gotten away. It has been nearly two hours and there are STILL patrons loudly arguing on the sidewalk. **I would like the police report for this incident added to the file for the ongoing protest of TruOrleans' liquor license for review by the ABRA Board and mediators.**

TruOrleans has been (comparatively) on good behavior for the last two months as the protest has moved forward, and it needs to be clear to all parties that two months of comparatively fewer problems does not make up for *two years* of constant nuisance and public menace. If the liquor license is renewed without severe restrictions to manner of operation, TruOrleans will go right back to its old behavior, which continues to be unchanged by ABRA actions. Even in this period of "good behavior" TruOrleans continues to host live music audible in neighboring residences (a violation of statute) and often keeps its unenclosed 2nd story and sidewalk cafe open past 10 p.m. on weeknights (in violation of a *direct ABRA order*). Additionally, we continue to hear patrons drunkenly screaming in our residence on weekends and at least two other nights each week. Any lack of officially filed ABRA violations is not due to a lack of incidents - it is due to unavailability of ABRA investigators and a reluctance of investigators to file violations instead of asking TruOrleans to minimize noise or close those sections.

It has let customers leave with alcohol in hand. Its employees are confrontational and now it is clear they are also violent. Its owner has told me verbatim to "go ahead and call ABRA, they won't do anything." It has demonstrated a complete lack of regard for the neighborhood and for the city. It is time for a change.

RE: TruOrleans, 400 H Street NE

By now, you are probably aware of the incident at TruOrleans in the early hours of July 20, 2013 in which the police responded with five squad cars to a street brawl at the establishment. We know that residents North of H Street have attempted to work with ABRA and the District in the past regarding TruOrleans and in particular that David Prestwood has sent a letter to ABRA regarding the incident. We want to add our voice to the conversation to let all parties know that this situation is not localized and that we who live South of H Street are equally affected. What is happening at Tru Orleans is not acceptable.

Last night was the last straw in a series of last straws. If there was any doubt regarding the intentions of the owners of this establishment to operate a "restaurant," last night's street brawl clarifies this place as a rowdy club-bar. This was not the type of place the owners presented to the ANC and neighborhood three years ago and it has no place in the neighborhood.

If we as a community have any real objective to make our neighborhood a "livable" community, the District must fulfill their obligation to the residents to enforce the codes, enforce agreements for establishments such as TruOrleans and hold establishments accountable. ABRA is not just an agency that gives out liquor licenses; ABRA has a mission and responsibility to protect the residents of the District. To date the District has done very little. Inspectors are sent but only provide requests or warnings. The place could and should be shut down. At its heart the District is a collection of neighborhoods and citizens. Over the past three years in this situation with Tru Orleans, the District and ABRA in particular has put the desires of businesses above the concerns of the community.

It is clear that ABRA has no intention of fulfilling their obligation to the community. ABRA dragged their feet on all enforcement and it was only after a strongly worded letter from the ANC commissioner Mark Eckenwiler that ABRA reacted at all. The H street community is a fast-growing community but to the residents and business owners it is the "Wild West" where businesses feel they can do anything they want with no consequences and residents feel the pain. Enforcement is lax or nonexistent. Establishments like TruOrleans make a mockery of the process; they have no intention of operating within their agreement. There are establishments that are good neighbors and the community supports them. Ethiopic and Boundary Road are two establishments on the same block and each has engaged the community and are good neighbors. I have personally stood up at ANC meetings in support of Ethiopic. TruOrleans is not one of these establishments.

We ask that the District re-evaluate the licensing procedure in general and enforce the standard of Appropriateness overall in the process of licensure and in particular to this establishment for enforcement. Section 25-313 of the DC code sets a standard. Based on what happened last night we feel that this establishment violates sections 25-313-b.1 through b.3. There can be no doubt that the overall operations of TruOrleans as a bar and the recent street brawl emanating from TruOrleans (1) has a negative effect on property values, (2) a negative effect on the peace, order, and quiet of the neighborhood, and (3) a negative effect on the pedestrian safety.

§ 25-313. Appropriateness standard.

(a) To qualify for issuance, renewal of a license, new owner license renewal, or an application for the approval of a substantial change in operation as determined by the Board under § 25-404, an applicant shall demonstrate to the satisfaction of the Board that the establishment is appropriate for the locality, section, or portion of the District where it is to be located.

(b) In determining the appropriateness of an establishment, the Board shall consider all relevant evidence of record, including:

(1) The effect of the establishment on real property values;

(2) The effect of the establishment on peace, order, and quiet, including the noise and litter provisions set forth in §§ 25-725 and 25-726;

(3) The effect of the establishment upon residential parking needs and vehicular and pedestrian safety;

Enough is enough. Our safety is at risk. It is time for ABRA and the District to perform its duties. This situation is unsafe and inappropriate. The liquor license should be revoked.

FYI. I hope your investigators are aware of this incident, in contact with MPD, and giving it the immediate attention it deserves. These are extraordinarily serious allegations, and if substantiated should result in severe consequences for the licensee. The basic safety of residents in ANC 6C requires no less.

I would appreciate knowing what actions ABRA is taking on this matter. Thank you.
